Satin Brass **SB** Bright Brass **BB** Antique Brass* **QB** Bright Chrome **BC** Satin Chrome **SC** Bright Nickel **BN** Satin Nickel **SN** Polished Graphite **PG**

GLASS FINISHES

Clear White Glass **CWH** Clear Black Glass **CBL**

FEATURES/BENEFITS

- Thermostat aesthetics coordinate with Palladiom keypads (plastic, glass, and metal) for a finished look throughout the home
- Dynamic Backlighting Management makes buttons easy to read in any light
- Heating and cooling icons animate on the LED display to indicate when the system is running
- Remote temperature sensors allow you to mount the thermostat on exterior walls, near entryways, or on walls that receive direct sunlight
- Easily add temperature control into whole home scenes via keypad buttons, timeclocks, or the mobile app
- Use the Lutron Connect app to monitor and adjust temperature when you're away as well as when you're home (great for vacation homes)
- Use geofencing to automatically turn off lights, close shades, and set back temperatures when you leave your home. You can also have lights, shades, and temperature settings change as you arrive home.
- Change schedules right from the mobile app

* Antique Brass is a handcrafted finish. The artisanal process used to create it may result in variations in luster, hue, and appearance.

HVAC System Compatibility

HVAC SYSTEM COMPATIBILITY

- Conventional 5-Wire Forced Air Systems: Gas/Oil/Electric Furnace + Air Conditioner
- Fan Coil Unit

INTEGRATION

- Third-Party Home Automation Systems
- Heatmiser for Underfloor Heating
- Cool Automation for VRV/VRF
